

Pismo Beach Mobile Home Park

March 20, 2020

For the protection and safety of our residents, employees, and guests, and in compliance with the San Luis Obispo County's emergency mandatory shelter at home orders, the following protocols have been implemented immediately.

- **Until further notice the pool, spa, exercise room, game room, and library are closed.**
- **The Clubhouse will be closed to social gatherings and non-essential business.**
- **Guest visits are strongly discouraged at this time.**

Please call Lolly rather than coming into the Clubhouse whenever possible. Should it be necessary to change Clubhouse or Maintenance hours, we will let all residents know in advance.

For the health and safety of our "at risk residents", we hope that all residents will follow Governor Newsom's restrictions throughout the State of California. Should it be absolutely necessary for overnight guests, please continue to have them sign in so we know who has visited our Park if requested by authorities.

These are unprecedented times and we appreciate the care, concern, and safety of our residents and employees.
